'93-'02 F-BODY ULTIMATE WEIGHT SAVINGS PACKAGES
DROP UP TO 114 POUNDS OFF THE FRONT END!

Thonotosassa, FL - Weight transfer will no longer be an issue with BMR's ultimate weight savings packages. We have sourced components from leaders in the industry to create the lightest and highest quality front end setups available. Packages LW002 and LW004 will drop an unbelievable 84 lbs. from the front end. Converting to manual steering and manual brakes with Packages LW003 and LW005 drops an additional 30 lbs. off the nose!

Packages include the following:

- Tubular K-member
- Tubular Lower A-arms
- Strange Adjustable coil-over Struts
- Strange coil-over springs
- Strange Lightweight Drag Brakes
- Manual master cylinder conversion (LW003 and LW005 only)
- Flaming River manual rack and pinion with bump-steer kit and steering shaft (LW003 and LW005 only)

Take note that these weight reductions are accurate for our kits and not inflated to include swaybar removal or battery relocation. Ditch the front sway bar and relocate the battery and easily drop another 55-65 lbs off the nose!

Part # LW002 - '93-'97 applications

Part # LW003 - '93-'97 applications

Part # LW004 - '98-'02 applications

Part # LW005 - '98-'02 applications
